MRS. VAN FLEET MURDERED

By Husband at Home in North Aurora

DOMESTIC QUARREL IS CAUSE

Victim Is Second Wife of John Van Fleet—Murderer Is Being Hunted by Sheriff and Posse

During a quarrel with his wife last Saturday morning, John Van Fleet of North Aurora poured four bullets from a 38-calibre revolver into her prostrate form, and possibly reserving the remaining ball for himself left the home.

The news of this ghastly tragedy is of considerable interest to Genoa people inasmuch as the murdered woman is mother of Arthur Starks of this place.

Two physicians, who were summoned by the neighbors when they were apprised of the shooting, worked over the form but to no avail. The sheriff and his deputies are searching the countryside for the missing Van Fleet.

The slayer and his wife have been at swords' points for some time, and many has been the quarrel between them. On account of this their relations have been strained for many years.

Last Friday night, they attended the St. Charles carnival, and it is said that both had a quantity of liquor in that city. When Mrs. Van Fleet went to her room at her home, she locked her husband out. According to the little children, this was the cause of the quarrel Saturday morning. The little ones relate that during the morning there were high words between the two. At breakfast time, Van Fleet came down stairs and told the children to get their breakfast, as he and their mother did not feel very well and did not care to eat. This the children did, and then went out on the lawn to play.

About 9:30 o'clock, the little boy heard a shot, and then saw his father coming out of the house, walking over the knoll northeast of the home and disappearing into the woods. Running up stairs to the room, the son found his mother writhing in agony on the floor. At her request he quickly ran to the neighbors and summoned help. The Aurora police were also informed and Chief Michels and Officer Virchow went to the house. A thorough search of all the outbuildings, the neighboring woods and the weeds along the bank of the river failed to reveal Van Fleet, and the officers returned to Aurora and notified the sheriff. Mrs. Van Fleet was shot four times—three bullets passing through her abdomen and the other entering the arm.

John Van Fleet is between fifty and sixty years of age and his wife about forty. Both were well known in that vicinity and the report is that they are wealthy. The murdered woman is the second wife of Van Fleet; her maiden name was Stevens and she leaves a brother and sister, both living in Aurora.

Everyone in the city of Aurora, who knew Van Fleet, expressed much wonder that he should commit a crime of this kind. He has always born the reputation of being a peaceable citizen, and must have been goaded to desperation before he fired the fatal shots.

A GOOD TROUPE

Large Audience Attends Play Entitled, "What Happened to Jones."

A large and enthusiastic crowd attended the play, "What Happened to Jones," at the opera house last Thursday evening.

The play was without doubt the best that has appeared in Genoa in some years, and the people are indebted to the management of the opera house for such high-class entertainment.

The play entitled, "The Beggar Prince" is another high class production and appeared at the opera house on Wednesday evening before a well filled house.

The management of the opera house is endeavoring to engage nothing but high class plays and as long as the people show that their efforts are well patronized they will continue to stage good plays.

EPWORTH GROVE DOINGS

Camp Epworth Gate Receipts Are in the Neighborhood of \$800

It is believed that the gate receipts of the Camp Epworth meetings this season will be near the \$800 mark, which will leave the association possibly \$250 after all expenses are paid.

The receipts come from the general admittance charged for entrance to the grounds, which is a dime per person. This money is used in defraying current expenses and the gradual extinction of the debt upon the grounds, which amounts to \$2,500.

Many of the ministers and also members of the association are opposed to any fee being charged for entry to the grounds on the same general grounds that no fee should be paid for entering a place of worship. Others say that those who partake of the benefits and pleasures of the services and the grounds will not object to paying a small fee toward running expenses and the extinction of the debt. It has been said that as soon as this debt is wiped out no admission fee will be charged. The camp-meeting this year was a grand success.

Superintendent of grounds—C. A. Dunham of Marengo.

Secretary—O. F. Lucas, Belvidere.

The Animal Trainer

A certain northern Illinois editor, in eulogizing a young lady recently, spoke of "the excellent reputation for teaching she bears." The next morning he met her father, mother, brothers, uncles, and aunts at the sanctum door, armed with Gatling guns, pitchforks and clubs, declaring that their relative never taught a she bear or a he bear either, in her life.

SUNDAY-SCHOOL ASSOCIATION

DeKalb County Sunday-school Association to Meet Sept. 3 and 4—Rev. Farmiloe Complimented

Rockford Star:—Otis Eddy of Rockford has just celebrated his ninety-ninth anniversary.

Elgin Courier:—The relatives of Miss Brown of Janesville and Mr. Doty of Chicago, who were drowned in Lake Geneva several weeks ago, have given up hope of finding the bodies for a long time to come. The lake where it is expected to find the bodies is 145 feet deep and the temperature there is thirty-six degrees.

Rockford Star:—A pleasing feature of the Chautauqua assembly has been the uniformly satisfactory work done by the Rev. Farmiloe of Elgin, formerly of Rockford, as stage director. Into a trying position he brought presence of mind, tact, humor and philosophy, and withal firmness of command. The task of controlling audiences numbering into the thousands seated on benches for long sessions, is one which requires great ability. Rev. Farmiloe won the respect of his audiences by the kindly enthusiasm he displayed in his work. He was able to enthuse the Chautauqua patrons with his own spirit and carried the day brilliantly. Not a small feature of his work as a presiding officer were the interpolations of religious thought presented in his original and interesting style. Rockford people, who still have a partial claim on him through friendship, justly feel proud of his achievement.

True Republican:—The annual convention of the DeKalb County Sunday-school Association will be held in the Congregational church in Sycamore on Thursday and Friday, September 3 and 4, the opening exercises beginning at 10:30 a. m. G. W. Miller of Paris, state field worker; Mrs. M. S. Lamoreaux, primary secretary; Dr. C. C. Miller, district president, and many other interesting and helpful speakers will take part in the various sessions. The officers of the association ask every Sunday-school superintendent and every township president to see that their reports and Sunday-school and township offerings are in the hands of the county secretary and treasurer, Mrs. E. Noble, before the convention, and that the delegates from each school are elected and the names promptly sent to Mrs. Mary Harvey of Sycamore, chairman of the entertaining committee, so that visitors may be provided with entertainment, which will be free to all.

Orphan Asylum Picnic

Religious instruction preparatory to confirmation and a thorough course in the German language are excellent features of the school.

MORPHINE

Can Morphine and Other Drug Habits be Cured?

It has been long contended by physicians that there is no cure for the drug habit. This is true so far as the rank and file of the medical profession are concerned. The reason, therefore, is that they are ignorant of the full scope and nature of the disease; but fortunately for the cause of suffering humanity we have demonstrated that the morphine or other drug habits can be cured and guarantee an absolute, permanent and painless cure to those addicted to the use of drugs if they will take our treatment and follow our instructions.

Each case submitted to us receives individual attention and treatment from an experienced nerve specialist. We give immediate relief. Appetite for drugs is destroyed and an appetite for food is restored.

50 Years of Success

This is our record. From a small beginning we have grown until our factories now cover many acres. Many of our machines sold forty to fifty years ago are still giving their users faithful service. Can anything be more convincing of their merits and durability? Did you ever hear of any other machine with such a record?

Note a few of the many superior points of the
Wheeler & Wilson No. 9 Sewing Machine
The Rotary Hook displaces the old, out-of-date, unmechanical and troublesome shuttle.
The Frictionless ball bearings and perfect mechanical construction enable it to be operated with one-third less exertion than is required by ordinary machines. It sews three yards of goods while a shuttle machine sews two.
It makes the most elastic and most perfect stitch whether sewing light or heavy goods.
With our superior attachments the greatest variety of work is possible.
Do not make the mistake of buying a sewing machine until you have given the Wheeler & Wilson No. 9 a trial.

SCHOOL OPENED TUESDAY

Kingston Public School Opens up With an Enrollment of 99

The Kingston public school on Tuesday opened for the work of the coming year with an enrollment of 99 pupils.

Following is the number of pupils in each department: high school, 22; grammar, 30; intermediate, 27; primary, 20.

I. E. Conover, last year's professor, resigned his position, and in his place will come Roy. M. Poust of Sandwich, who will have charge of the high room and school during the coming year.

Much regret is expressed by the citizens in Prof. Conover's resignation, for his work here gave perfect satisfaction. Mr. Conover commenced his school career as a teacher at the age of 17 years, afterwards taking the degree of Bachelor of Arts in Austin College. He now looks forward to a year's work in the open air to recuperate from extra work carried during the last years of his college work. Mr. and Mrs. Conover and family will probably move to Genoa in the very near future.

Prof. Roy M. Poust, a former Kingston boy, graduated from the DeKalb Normal two years ago, and with his experience in the grammar school at Sandwich last year, he is in a position to cope successfully with the duties of the public school here. Mr. Poust is well known in Kingston and vicinity, and is a young man of splendid character. His many friends wish success.
